***No other routes, including detours, are authorized by this permit under any condition.***

This permit is valid only for transporting commodities under the company name shown above, and if signed by both an authorized company owner or officer, and driver. The driver's signature attests to the fact that the description of the vehicle is accurate and that the provisions on the reverse side of this permit have been read and understood by the driver. Under the penalty of perjury, I have examined this permit, and to the best of my knowledge and belief, it is true, complete and correct. I also understand that all provisions of the Transporting Agreement apply in full force.

## **Provisions of the M-233ST Special Weight Permit**

- (1) The permitted vehicle must be on a trip utilizing the designated extra heavy duty highways as shown on the permit.
- (2) This permit does not cover license or other registration requirements.
- (3) The operator of the permitted vehicle must be at least 18 years of age and hold a valid commercial driver's license.
- (4) The driver of the permitted vehicle and/or load, or person in direct charge of transporting such object, will have the permit in his possession during the progress of transportation, and will produce said permit, on demand, to any police officer or authorized employee of the State of Indiana.
- (5) The mover and/or owner of the vehicle and/or load will be held responsible in the event that it is necessary to remove any buildings, railings, or other structures from the highway. In the event that any buildings, railings, or other structures are damaged, the cost of the removal and/or damage will be borne by the permit applicant.
- (6) Flagmen, in compliance with the provisions of the Indiana Manual on Uniform Traffic Control Devices, will be provided by the transporting company at all locations needing such traffic control. Locations requiring flagmen include, but are not limited to, encroachment into opposing traffic lanes and stops or blockage of traffic at locations where stops are not normally required by existing traffic control devices.
- (7) The permitted vehicle must not be operated at a speed in excess of 55 miles per hour.
- (8) The permitted vehicle and/or load must at no time block traffic from the use of the highway, nor will equipment, load or object be loaded or unloaded within the travelway, nor vehicle or object be permitted to be parked either day or night on the shoulder or right-of-way.
- (9) The permitted vehicle and load are not to be operated during the existence of hazardous weather, road, and traffic conditions, and/or when visibility is less than 500 feet. Oversize loads will not be operated at any time when wind velocity exceeds 25 miles per hour.
- (10) This permit does not apply to any state roads or bridges that are closed for construction purposes, or to any roads or bridges that are posted for gross load limit and/or any structures, wires, etc., having a restricted height clearance that will not clear said load; or to any county roads or city streets.
- (11) This permit is issued to the tractor designated by the serial number (last 5 digits of the VIN), may not be used with any other tractor, and the unaltered permit must be kept in the permitted vehicle. Any violation of this permit will automatically cause the permit to be void, and upon violation, any police officer or motor carrier inspector will have the authority to withdraw the permit. Operation without a valid permit will result in the issuance of citations for violation of applicable statutes.
- (12) A person who violates IC 9-20-5-7 and doesn't register annually and obtain a permit for each trip is subject to a civil penalty of five hundred dollars (\$500) for each violation as determined by the court.
- A person who operates a vehicle subject to the special weight provisions of IC 9-20-5-7 on a route other than a route designated under Indiana law is also subject to a civil penalty of five hundred dollars (\$500) for each violation as determined by the court.
- (13) Vehicles must meet all safety requirements set forth in Title 49, CFR (Code of Federal Regulations).
